## U. S. Court Throws Out Alabama Fine Against NAACP, Upholds Congressional Right to Probe

### Ark-La Seeks to Extend Gas Lines

**LITTLE ROCK (AP)**—An Arkansas-Louisiana Gas Co. subsidiary has asked Army Engineers for a permit to build two natural gas pipelines across the Arkansas River near Pine Bluff.

The Arkansas-Louisiana Pipeline Corp. seeks authority to place its lines in trenches 10 feet below the river bed some 13 miles upriver from the city.

The 18-inch pipelines would be spaced 200 feet apart.

## New Test Likely for Teacher Affidavit Law

**LITTLE ROCK (AP)**—A new legal challenge to the teacher affidavit law will be filed on a state court this week.

Attorney Edwin E. Dunaway said he would bring suit in Pulaski County Court on behalf of a university of Arkansas faculty member. He did not identify the prospective plaintiff by name.

A three-judge federal court yesterday ruled here that the law—Act 10 of 1958—does not violate the U. S. constitution.

It requires public school teachers, including college instructors, to swear to organizations to which they have belonged or contributed during the past five years. Otherwise they may not be employed.

Dunaway declined to say what his complaint would contain, but he said the suit would be based on the different contentions than those contained in the federal suit.

Besides upholding Act 10, the federal panel ruled unconstitutional a 1959 act which disqualifies members of the National Assn. for the Advancement of Colored People from public employment. The court said, however, that it had no authority to prohibit dismissals of specific persons from their jobs.

Attorneys for Negro teacher B. T. Shelton, who had challenged both acts, said an appeal would follow by the U. S. Supreme Court.

There was speculation that the Arkansas situation might be affected by a 4-3 opinion handed down by the U. S. Supreme Court yesterday, a few hours after the ruling here.

The high court majority said federal courts had no authority to rule on three Virginia laws aimed at the NAACP until the state courts had had a reasonable opportunity to pass on them.

The Arkansas act involved in Shelton's suit have not been ruled on by the state courts.

## Weather

Experiment Station report for 24 hours ending at 7 a. m. Tuesday: High 78, Low 66; Precipitation 4.00 inches; Total 1959 precipitation through May, 47.08 inches; during the same period a year ago, 27.34 inches.

BY THE ASSOCIATED PRESS — Rain drubbed several sections of Arkansas again today in the aftermath of heavy downpours that struck portions of the state yesterday.

No major flooding was expected. The forecast called for mostly cloudy skies through tomorrow with scattered showers and thunderstorms and little change in temperature.

El Dorado registered an official 4.00 inches of rain in the 24-hour period that ended at 6:30 a. m. today. Most of the downpour occurred in a six-hour period ending at noon yesterday.

Crystal Valley, near Little Rock, measured 3.80 inches yesterday. Other rainfall reports for the 24-hour period included: Little Rock 1.90 inches, El Dorado 1.44, Pine Bluff 1.10, Walnut Ridge 1.00, Fort Smith .40, Fayetteville .00 and Texarkana .00. Memphis got .54.

Maximum temperatures yesterday ranged from 88 degrees at Walnut Ridge to 70 at El Dorado.

BY THE ASSOCIATED PRESS — Central, southwest, northwest and southwest—Partly cloudy this afternoon, tonight and Wednesday with scattered afternoon thunderstorms. Little change in temperature. Thursday partly cloudy and warm with widely scattered afternoon thunderstorms.

Northeast—Partly cloudy with scattered thunderstorms this afternoon and Wednesday, partly cloudy and Wednesday with scattered afternoon thunderstorms. Little change in temperature. Thursday partly cloudy and warm with widely scattered afternoon thunderstorms. High this afternoon low 80s central, in the high 70s northeast, low to mid 60s southwest, northwest and southwest, low tonight upper 60s central, mid to high 60s northeast and northwest, near 70 southwest and southwest.

**WASHINGTON (AP)**—The U. S. Supreme Court has thrown out for the second time a \$100,000 fine against the National Assn. for the Advancement of Colored People levied by an Alabama state court.

The fine originally was levied for civil contempt on a finding that the NAACP had refused to comply with a court order to produce its membership lists and other records.

The Supreme Court, which had ruled earlier that the NAACP membership lists were private, dismissed as too late a new finding by the Alabama Supreme Court that other records called for had not been provided. It said any such claim would have to be made in a new action.

The Alabama decision came during a busy day, in which the Court also handed down three other decisions on racial matters.

1. In a unanimous vote, it upheld the right of states to use a literacy test for voting if there is no racial discrimination. The case involved a North Carolina voting test, which a Negro woman had attacked as unconstitutional.

2. It decided not to rule on three anti-NAACP laws in Virginia until the courts of that state have a chance to act on them.

3. It denied a hearing to five Houston, Tex., Negroes who said the United Steelworkers Union and Armco Steel Corp. had negotiated an agreement that discriminated against Negro employees.

BY STANLEY MEISLER  
**WASHINGTON (AP)**—The Supreme Court has clarified its controversial rulings on state sedition laws and congressional investigations, saying earlier decision in these fields were misunderstood.

Spitting 5-4 in both cases, the court Monday said state sedition laws may be invoked to protect the state, and upheld the right of congressional committees to question educators as well as others about alleged Communist activity.

In making these rulings, the court affirmed contempt convictions against Dr. William W. Uphaus, director of the New Hampshire World Federation Center, and Lloyd Barenblatt, a former teacher at Vassar College and the University of Michigan.

Uphaus had been convicted under New Hampshire's sedition law for refusing to provide a membership list of the center to the state attorney general. Barenblatt had refused to tell the House Committee on Un-American Activities whether he had been a Communist party member.

Earlier decisions in the same fields had drawn severe criticism from some congressmen and from groups as the state attorneys general and the American Bar Assn. Moves were started in Congress to try curtailing the court's power.

But, in its latest decisions, the court said that part of the earlier rulings had been misinterpreted. Justices Clark, Frankfurter, Harlan, Whitaker and Stewart made up the majority in both decisions. Dissenting were Chief Justice Warren and Justices Douglas, Black and Brennan.

In the Uphaus case, Clark, speaking for the majority, said that the states of the right to protect themselves. In that case, the court had thrown out the conviction of Communist leader Steve Nelson under the Pennsylvania sedition act.

In the Barenblatt case, the court said that the House committee acted within the scope of its authority when it questioned Barenblatt about membership in the Communist party.

## Final Rites Held on Monday for C. E. Jones, 58

Funeral services for Cornelius E. Jones, 58, retired farmer, who died Friday at the home of a sister here, were held at 10:30 a. m. Monday at Park Hill Baptist Church of Arkadelphia by the Rev. Charles E. Lawrence of Little Rock and the Rev. Stanley Cooper of Arkadelphia.

Burial was in Richland Cemetery. Arrangements were in charge of Oakes Funeral Service.

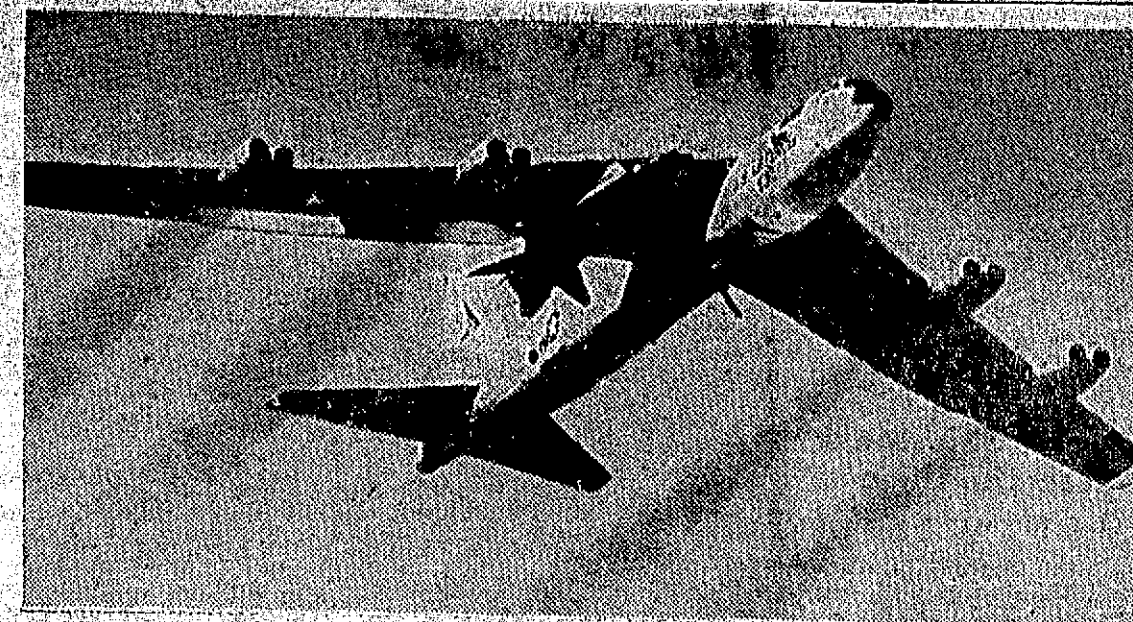

Survivors include three sisters, Mrs. L. D. Corn of Little Rock, Mrs. R. J. Duke of LeMesa, Texas and Mrs. Elmer Hubbard of Hope.

## Freewill Baptists Open Conference

**FORT SMITH, ARK. (AP)**—The 8th National Freewill Baptist League Conference opened today with delegates from 32 states expected for the three-day session.

R. G. LeTourneau of Longview, Texas, an industrialist, will address a banquet tonight.

The conference is sponsored by the Freewill Baptist League board of the national Assn. of Freewill Baptists, as a means of offering new ideas for the league.

**DRY RUN**—The North American X-15 rocket ship, shown here nestled under the wing of a B-52 bomber, was dropped "dry" without fuel from 38,000 feet over the Mojave Desert near Edwards Air Force Base, Calif., and glided back to earth with Scott Crossfield at the controls. It was the first free flight the small rocket ship has made. — NEA Telephone

**AWAIT ORDERS**—As railroad crews prepare to tackle the ticklish job of righting two wrecked tank cars loaded with deadly chlorine gas, residents of McRae, Ga., are awaiting possible evacuation orders. The cars were buried beneath this huge pile of logs when the diesel engine and 16 cars had escaped. — NEA Telephone

## Liberace Says Critics Hurt His Career

**LONDON (AP)**—Pianist Liberace asserted today a British news paper has cost him many years of my professional career by implying that he is a homosexual.

He was testifying in a libel action against the Daily Mirror and its columnist William Neil Connor, whom he accuses of impugning his manhood in two articles in 1956.

Connor described the pianist among other things, as "frigid, flawed, masculine, feminine and neuter." The pianist said the implication that he was something less than a normal man was amiss.

"People in England and all parts of the world where I am dependent on making a livelihood have given it that interpretation," he told Justice Sir Cyril Salinger and a jury of 10 men and 3 women.

"It has caused untold agonies and embarrassment and has made me the subject of ridicule," Liberace completed his testimony in mid-afternoon.

Under cross-examination by the Mirror's lawyer, Liberace denied that he ever deliberately projected sex appeal in any of his performances.

"I consider sex appeal as something possessed by Marilyn Monroe and Brigitte Bardot," he said. "I certainly do not put myself in their class."

Earlier, Liberace had complained that there seemed to be a high incidence of weak stomachs among British show critics who had written about him.

"They sure have a lot of people who want to throw up here, that's all I can say," he added.

His comment came after counsel for the defendant Daily Mirror and its columnist William Neil Connor read a number of London newspaper criticisms of Liberace.

An Evening News critic was quoted as saying a movie in which Liberace appeared "delighted his fans and sickened the critics."

A Daily Herald reviewer asserted that Liberace's "leers and smiles make me heave."

Another Evening News article said the pianist's smile "had a mildly comic effect on me."

Connor, in one of the articles in 1956 which led to the libel suit, said Liberace was "the biggest sentimental vomit of all time."

## This Is Election Day in Hope

This is election day in Hope but very few voters will turn out to cast ballots.

The special election was called to name a replacement for City Director Herbert Burns who resigned. Only one candidate, Dewey Baber, qualified.

## Voters to Name Mayor of Paris

**PARIS, Ark. (AP)**—Voters will elect a mayor today to fill the unexpired term of the late Guy Conley.

Four candidates are in the race. They are Wylye Elliott, Cecil Atterson, Jim Dandridge and Mrs. B. Woodward.

Elliott and Dandridge are former mayors.

Conley, 55, died May 15 after a heart attack. He was serving his third term, which ends Dec. 31.

## Wife Is Killed, Man Ends Life

**LITTLE ROCK (AP)**—Mrs. Dixie Watt, 32, died last night in a hospital of a gunshot wound received early last Friday.

Her husband, Eugene Watt, 34, of near Lonoke, took his own life after the shooting at a Lonoke motel where Mrs. Watt lived with her two sons and her mother.

The mother, Mrs. Roscoe Bryan, told police a loud noise awakened her and she found her daughter on the floor of the motel office, shot in the left temple. Watt, she said, fired again as he walked out of the motel office and fell mortally wounded in the right temple.

## Singer Plant to Expand at Trumann

**TRUMANN, Ark. (A)**—Plans were announced here yesterday for expansion of a plant which makes cabinets for Singer sewing machines. Employment is expected to reach 2,000 persons eventually.

J. A. Crozier, works manager for Pointsett Lumber and Manufacturing Co., said that work now being done at the firm's Pickens, S. C., factory will be moved to the Trumann plant.

The shift will consolidate all of Singer's U. S. woodworking operations in Trumann.

Crozier called the transfer "a vote of confidence in our organization here at Trumann."

The Trumann plant now has about 1,100 employees and a reliable source reported that employment will be about 1,750 by early next year. The source said expansion here would start in about a year and employment eventually will reach 2,000 persons.

Pointsett has spent about \$5,000,000 in additions and improvements at the Trumann plant in the past five years.

## Crude Torch Placed on Hall's Lawn

**LITTLE ROCK (AP)**—Secretary of State C. G. Hall said today someone placed a crude torch on the front porch of his house last night but that it burned out without damaging any property.

Police Chief Eugene Smith speculated the incident might be linked with a critical statement Hall made about the newly formed Arkansas Ku Klux Klan yesterday.

Hall himself said he did not regard it as a serious attempt to burn his house.

A. C. Hightower, the Klan's Grand Dragon, denied his group had anything to do with the torch incident.

"We are respectable citizens of the law," Hightower said, "we follow the law to the letter and any member of our organization violating the law will be kicked out and we will assist in prosecution."

Hightower added: "If Mr. Hall is under the impression that the Klan is in any implicated he is very wrong."

Chief Smith said the incident could be viewed as "harassment, it could be a prank or it could be a crude joke."

"There are a lot of ways of looking at it," Smith said, "it could be harassment or it could be a crude joke. I wouldn't want to say definitely right now."

However, Smith pointed out, "Hall made a statement about the Klan and it could have been someone just wanted to play a joke in that connection."

## All Around Town

By The Star Staff

According to the Experiment Station this area had 4.03 inches of rain during the past 24-hour period ending at 7 a. m. today. This brings the total rainfall in June to 6.08 inches as compared to 4.85 inches a year ago and to 1.89 inches two years ago. . . . how- ever the total precipitation two years ago through June was 44.76 inches and last year 32.19 inches. . . . rainfall up to 7 a. m. today for the entire year totals only 23.16 inches.

Saturday, June 13, will be clean-up day at Westmoreland Cemetery. . . . all interested persons are asked to come and help.

Mrs. Rosa Hatfield, formerly of Hope, was selected to be in the finals of the Mrs. Arkansas Contest, held recently at El Dorado. . . . she placed third. . . . she is the former Rosa Gilbert of Hope,

# West Fears Discussion With Russia Will End In No Accomplishment

## Bulletin

**LONDON (AP)**—France's ban on NATO missiles and atomic stockpiles in her soil was discussed by British Prime Minister Harold Macmillan and his defense chiefs today.

French President Charles de Gaulle's ban on atomic stockpiles, unless he is given control of the bombs, may cause nine American squadrons of about 350 fighter-bombers to look for bases outside of France. His stand drew criticism from some Britons and Americans as a crippling blow at any integrated NATO air operations.

Macmillan's meeting was reported to have been concerned with stationing more U. S. planes in Britain.

**WASHINGTON (AP)**—Senate Democratic Leader Lyndon B. Johnson of Texas said today "It is a little late" for President Eisenhower to talk about Republican responsibility in the monetary field.

**GROTON, Conn. (AP)**—The U. S. Navy entered a new age today with the launching of the first submarine designed to fire the Polaris nuclear missile from underwater or surface.

The atomic-powered, 5,400-ton George Washington slipped smoothly down the ways at 12:40 amid a roar from 10,000 witnesses the sound of log horns, and screaming whistles.

## Court Okays U. S. Right to Deny Passport

**WASHINGTON (AP)**—The U. S. Court of Appeals today upheld the right of the State Department to deny passports to Americans to travel to Red China and other areas it regards as potential trouble spots.

The ruling was handed down in the case of newspaperman William Worthy Jr.

Worthy visited Red China in 1956 and Hungary in 1957, and was denied renewal of his passport when he refused to agree to abide by restrictions against traveling to those countries again.

He brought suit for the passport.

## DeWitt Voters Okay Tax for a Plant

**DEWITT, Ark. (AP)**—Voters yesterday approved a five-mill levy in property taxes to raise \$142,000 for a building to house a new shoe plant.

Approval was by an overwhelming 600 to 17.

It was the first time an Arkansas city had voted on a bond-tax plan authorized by a state constitutional amendment last Friday.

Blytheville votes next Tuesday on a \$250,000 bond issue and tax authorization plan for a proposed expansion of a plant and Stuttgart will hold a similar election on a proposed \$250,000 bond issue June 25.

The DeWitt Industrial Development Council has announced it is trying to get a large shoe company to locate here. The name of the firm has not been disclosed.

## Car Hits Two Bikes, One Youth Killed

**DE QUEEN, Ark. (AP)**—An automobile hit two young bicyclists last night, killing one and injuring the other.

Dead is Bruce Goodwin, 12, son of Rev. and Mrs. R. B. Goodwin. David Hennard, 11, son of Mr. and Mrs. Roy Hennard, was hurt.

Police said a car driven by Lawrence Dinger, 20, struck the bicyclists head-on as he attempted to pass another auto.

## Four to Trial for Rape in Florida

**TALLAHASSEE, Fla. (AP)**—Four young white men are to go on trial for their lives here Wednesday. They are charged in the rape of a Negro college girl.

Veteran judge W. May Walker, a native of this north Florida area, will preside in Circuit Court.

The court has summoned 168 prospective jurors—all men. A few are Negroes.

In the county jail, awaiting trial, are William Collinsworth, 23, a telephone lineman; Patrick C. Scarborough, 20, an Air Force enlisted man; David Beagle, 18, a high school senior; and Ollie Stoutamire, 18.

Only Collinsworth has been able to hire a lawyer. The others have court-appointed lawyers.

His attorney, S. Gunter Toney, has been preparing to enter a plea that Collinsworth was insane at the time of the alleged rape. A private psychiatrist who examined Collinsworth described him as a moron with the mind of a 9-year-old.

The four are charged with taking the Florida A&M University coed from her escort at gun point May 2 and raping her. Florida law prohibits publication of rape victims' names.

Rape is a capital crime in Florida. No white man ever has been electrocuted in this state for raping a Negro. A convicting jury can recommend mercy.

## Another Phone Firm Asks Rate Hike

**LITTLE ROCK (AP)**—The Arkansas Public Service Commission yesterday heard testimony from Allied Telephone Co. of Little Rock in support of its application for a \$97,000 a year rate increase.

The hearing then was recessed until July 6, when Allied attorneys will question PSC experts.

The PSC aides indicated they thought the company was entitled to some increase but did not make any specific recommendation.

Allied now is collecting two-thirds of the requested increase under a bond, which will guarantee refunds if any should be ordered.

Allied operates 24 mainly rural exchanges in central Arkansas. It contends the rate hike is necessary because of its expansion program and increased operating costs.

The PSC said the proposed rates would average about a dollar a month increase for Allied customers.

## D. L. Stevenson, 44, Succumbs in Local Hospital

Daniel Lee Stevenson, aged 44, lifelong Hempstead resident, died today in a local hospital. He formerly worked for Horace Anthony Lumber Co., was a World War II veteran and member of the Baptist Church.

Survivors include his wife, a son, Danny Stevenson, a daughter, Varda Lee Stevenson of Hope; his parents, Mr. and Mrs. S. M. Stevenson of Hope; two brothers, Don and David Stevenson of Hope; three sisters, Mrs. Bethel Anderson, Mrs. Willie May and Mrs. Beulah Janeway, all of Hope.

Services will be held at 2 p. m. Wednesday at Anderson Baptist Church by the Rev. David Bailey. Burial by Oakcrest will be in Anderson Cemetery. The American Legion and VFW will have charge of graveside services.

Active pallbearers: Lynn and Howard Stevenson, W. E. Tarpley, Warren Butler, Ben McBay and Wilbur Ross.

## Herter Visions No Way to Halt a Breakdown

By JOHN M. HIGHTOWER  
**GENEVA (AP)**—Soviet Russia and the Western powers failed again today to make any progress toward an accord on Berlin. An American spokesman said "It is anyone's guess how much longer the four power conference will continue."

The Western foreign ministers were reported deeply concerned that the conference, now in its fifth week, may collapse in failure without an agreement either on Berlin or a summit meeting.

Assistant Secretary of State Andrew A. Bortolotto said "The attitude of the Western ministers in one of pessimism."

Secretary of State Christian A. Herter and French Foreign Minister Maurice Couve de Mureville take the danger of a breakdown greater than does Foreign Secretary Selwyn Lloyd of Britain, highly placed authorities said.

All three still hope that Soviet Foreign Minister Andrei Gromyko will get instructions from Moscow in a few days enabling him to make in-stimulate concessions.

But Herter particularly is now much less hopeful in this respect. A view of statements made by Soviet Premier Nikita Khrushchev in an interview published in Hungary last weekend.

Gromyko made no concessions, but neither did he slam the door on further negotiations.

Western diplomats had expected him to receive orders from the Kremlin before this. Now they believe it may be several days, since Khrushchev is conferring in Moscow with top East German officials.

Western diplomats assume that the Moscow conference deals with the Geneva talks. Red sources in Geneva also have hinted that Khrushchev will leave for East German party chief and Premier Otto Grotewohl may be polishing up a Soviet-East German peace treaty for signing at some future date.

## Claims Klan Ranks Are Overloaded

**LITTLE ROCK (AP)**—A Little Rock barber and leader of a newly chartered Arkansas Ku Klux Klan said yesterday its ranks were "overloaded."

A. C. Hightower, the Klan's Grand Dragon, refused to reveal the organization's present strength but said "we're kind of overloaded" when asked if he planned a membership drive.

The secretary of State C. G. Hall, with whom Hightower filed papers incorporating the Klan last week, said: "I personally feel that there is no place whatever, no need whatever, for the Klan in Arkansas."

Another critic of the Klan is Gov. Orval E. Faubus, who said recently he wanted nothing to do with it.

Hall disclosed that Hightower had tried to incorporate in May but his papers were not in proper order.

Hightower also had a severe criticism directed against two other Klan groups one of which has been active in Texarkana. He said both have banished Klan men in their ranks and have in the past used Klan rituals and literature without authority.

## President to Talk to Medical Men

**ATLANTIC CITY, N.J. (AP)**—President Eisenhower will arrive here by plane tonight to address the 108th annual meeting of the American Medical Society.

The President's speech on "The Doctor's Influence in Our Civilization" will be carried live over the CBS and Mutual radio networks.

Any girl would trade a photographic mind for a photographic eye.

## 16 Catholic Students Are Barred

PITTSFIELD, Maine (AP)—Sixteen Roman Catholic students were barred from the commencement exercises of Maine Central Institute Sunday because they refused to attend the schools baccalaureate services on religious grounds.

The students, including the class valedictorian, Lawrence Dye, said, were to pick up their diplomas today in the headmaster's office.

The students, including the class valedictorian, Lawrence Dye, said, were to pick up their diplomas today in the headmaster's office.

## Louise Woman Killed by Shotgun Blast

LONOPE, Ark. (AP)—Mary Hicks, 42, Negro, of Lonope, was killed by a charge from a shotgun yesterday during an argument with a Negro caretaker at a lakefront house about eight miles south of here.

Sheriff Warren C. Martin said Dave Boyd, 55, was held on an open charge in connection with the shooting.

Daniel J. Feeney of Portland ordered Catholic students in Maine to stay away from school baccalaureate services.

In Portland, the Rt. Rev. Msgr. Edward C. O'Leary, chancellor of the Catholic diocese, said Bishop Feeney's statement of a year ago referred only to public schools.

He added, however, that Catholic students may not attend non-Catholic religious services with a sectarian school with a Baptist good conscience.

Maine Central Institute is a non-sectarian school with a Baptist background.

## Rocket Ship Makes Successful Glide

EDWARDS AIR FORCE BASE, Calif. (AP)—The rocket ship X15, expected some day to carry man 100 miles high at 4,000 miles an hour, successfully made its first glide test today.

A brief announcement said everything went as planned.

This means the ship was dropped at 38,000 feet from a B52 mother plane, glided for four or five minutes, and landed on a dry lake bed.

Veteran engineer-test pilot Scott Crossfield was in the controls.

The dart-like black craft carried no fuel, and landed on special skids.

It has made four previous captive flights, locked under the B52's wing.

The glide test had been delayed by various failures of electronic equipment.

Later this year the X15 will undergo tests with jet engines. Next year all-out flight with rocket engines is planned.

French Planes May Be Moved to Germany

PARIS (AP)—About 200 fighter-bombers may be removed from their bases in France to West Germany, informed sources at Gen. Lauris Norstad's Supreme Allied Headquarters in Europe said today.

These planes have atomic missions which they cannot perform effectively because France so far has not come to an agreement with the United States on stockpiling nuclear bombs in French soil.

A Defense Department spokesman in Washington Sunday denied that a decision had been made to withdraw the fighter-bombers.

Norstad is now in Washington. A French newspaper had said such a decision was made.

Norstad's SHAPE headquarters here refused to comment on the report that a decision already had been made to shift the nine American quadrons involved. But it said measure to make the plane effective were being considered.

Agreement have not been reached with the government of the operation and arming of NATO aircraft based in French territory, a statement said. Pending the completion of such comprehensive arrangements, consideration is of course being given to measures which will insure the effectiveness of Allied air units now based in France. SHAPE can make no further comment at this time.

Negotiations have been under way for more than two years to get France to accept atomic bomb

## Child Is Found, Search Ends

LAKE ARROWHEAD, Calif. (AP)—A large-scale search of the mountains around this Southern California resort area ended successfully today when a 7-year-old boy was found unharm.

The boy, Craig Sweet, was found not far from Lake Arrowhead. He had been missing since Sunday morning. His father, Robert M. Sweet, had brought the family to the Deep Creek area, 10 miles northeast of Lake Arrowhead, on a camping trip. Craig became separated from a brother while hiking.

Rye Demand Sends Grain Market Ahead

CHICAGO (AP)—A good demand for rye futures sent the grain well ahead today on the Board of Trade but the market otherwise was mixed most of the time.

Corn and soybeans showed some signs of rallying after early weakness while wheat and oats generally were firm to strong.

New crop corn and soybean deliveries were down fractions at times on reports of excellent growing conditions which caused scattered liquidation. However, July held about steady after traders noted that 879,000 bushels moved out over the weekend for overseas markets. India bought 350,000 bushels of hard wheat and undisclosed amounts of soybeans were sold for shipment to Europe.

Carload receipts at Chicago today were estimated at wheat 44 cars, corn 261, oats 79, rye none, barley 30, soybeans 20.

stockpiles. The French want an agreement that would give them control over the stockpiles and also the know-how to make their own bombs.

Giving American atomic secrets to France is blocked by U.S. legislation.

## Tavern Owner Is Robbed at Spa

HOT SPRINGS, Ark. (AP)—A bandit who lay in wait for his victims robbed a Hot Springs tavern owner of \$1,200 yesterday.

Mr. and Mrs. Gilbert Caldwell told officers the masked robber was waiting inside their home when they entered. Brandishing a revolver, he forced them to lie on the floor and bound their wrists and ankles with tape and ripped out the telephone wire before leaving.

Sees Issues Taken Up Separately

WASHINGTON (AP)—Both Democratic House Speaker Sam Rayburn of Texas and Democratic Senate Leader Lyndon B. Johnson of Texas expressed doubt that the interest rate increase on bonds and the debt limit boost could be considered together. Both were requested today by President Eisen-

hower. Rayburn and Johnson indicated they expected no real opposition to raising the debt ceiling, but that a hike in interest rates is a more controversial question.

man.  
The bride was attired in a light blue street-length dress of tulle covered with nylon lace. Her accessories were white. The couple will be at home on East Second st.

**Miss Sandra Robins Entertained With Breakfast**  
Miss Judy Robins and Mrs. Raymond Robins entertained with a breakfast at the Diamond involving Miss Sandra Robins, fiancée of Billy Tramm of Wilson, on Saturday, June 6.

The bride-elect, who wore a black and white striped dress trimmed with red, was given a gardenia corsage. Pink hydrangeas decorated the table where covers were laid for eight guests. The honoree received a gift of crystal in her chosen pattern from the hostesses.

## Coming and Going

Miss Paula Schreck arrived by plane from Dallas Saturday to spend a few weeks with her grandparents, Mr. and Mrs. Homer Fuller.

Mr. and Mrs. Ernest Ridgill had as their guests for the past week Capt. and Mrs. James Pace

of Sheppard Air Force Base, Wichita Falls, Texas, Mr. and Mrs. Arthur McElwain and Mrs. W. L. McElwain, Harlingen, Texas.

Major Dorsey Fuller and family of Shreveport spent the week end with Mr. and Mrs. Homer Fuller.

Mrs. Anna Judson has returned home from Beaumont, Texas where she has been the guest of Mrs. Jewell Talley.

Mrs. C. H. Moxley attended the wedding of her grandson, Dale Dilly Briggs, son of Dr. Barnett Porter Briggs of Little Rock and the late Mrs. Briggs, to Miss Jane Finch Brookman, daughter of Mr. and Mrs. Oliver Fredrick Brookman, also of the capital city, on Saturday, June 6, at the 2nd Presbyterian Church of Little Rock.

1st Lt. Chung Byung Hak, a member of the Korean Army who was sponsored at a protest march general's school at Ft. Gordon, Ga. by 1st Lt. James Fuller Russell, is now visiting Mrs. Lois Russell before returning to his home-land.

Donald Griner, manager of the local Safeway store, is attending a Safeway manager's meeting in

San Francisco, Calif. as an award for having the largest sales increase in his district for the past month.

Mrs. N. R. Bridgeforth of Forrest City is visiting her daughter, Mrs. Don Griner, and family while recovering from a recent illness.

Mitch and Mike Jode of Lafayette, La., are visiting their grandparents, Mr. and Mrs. Fay James.

Discharge: Mrs. Jennie Light, Rt. 1, Hope, Dewayne Huckabee, Hope, Mrs. Noble Thomas, Washington.

## One Way Hiding Cash From Robbers

OKLAHOMA CITY (AP) — A holdup man told service station operator Roy Sewell Monday night to "put 'em up." Sewell's hands shot into the air.  
So did a roll of bills. He was holding.  
The bandit and a companion looked for the wind of bills. They couldn't find it and fled.  
Sewell, 31, had no better luck. He called police who found the money had dropped through a small crevice in the concrete block wall.  
Sewell said he will have to

spend \$150 to tear into the wall to get the money. But they didn't. There was \$760 in the roll.

## Tigers Break Slump Under New Manager

By ED WILKS  
Associated Press Sports Writer

OKAY, so the Detroit Tigers

have been hot since Jimmy Dykes took over as manager a little more than five weeks ago. That you know. But how hot is hot?

If you compute American League standings on performance since May 3, the day Dykes took charge, the Tigers would be leading the league by a whopping six games.

When Dykes relieved Bill Norton, the Tigers were last, 10½ games behind Cleveland. They had a 2-15 record.

Now they are only 2½ games shy of first place, have a 24-10

record (760) under Dykes have taken command of fourth place, are over .500 for the first time this season and have won 12 of their last 15 games after winning 4th in a row 6-3 Monday night at Boston.

It was the only game scheduled in the AL and broke a fourth-place deadlock with Kansas City while moving the Tigers within a game of Cleveland's third-place Indians.

In the National League, Milwaukee regained a three-game bulge with a 9-5 afternoon victory over the Chicago Cubs while Pittsburgh defeated second-place San Francisco 12-9 in an 11-inning night game.

The Tigers, after a brief, 6-2 home stand, opened a 10-game eastern trip behind the six-hit pitching of Jim Bunning and Al Kaline's three runs batted in.

Bunning (6-4), who has picked up all of his victories in seven decisions since Dykes took over, blew a three-run lead when the last place Red Sox paired half their hits with their only walk for all their runs in the fifth inning.

A two-run double by Don Buddin broke Bunning's shutout with two out, and Pete Runnel's single scored Buddin.

The Tigers, who opened a 3-0 lead on Kaline's two-run single in the top of the fifth, broke the tie in the sixth against losing reliever Bill Monbouquette (1-2) as Bunning grounded into a double play. Eddie Yost singled home another run in the eighth and Kaline, who was 3-for-4, hit his 11th homer in the ninth.

It was the third victory in three decisions this season against Boston for Bunning.

Going back to the Tigers' "would-be" six-game lead in the AL, nobody has led by more than 3½ this season. Cleveland twice had that big an edge, but both times held it for only one day. The Chicago White Sox now lead by a single game over Baltimore.

The New York Yankees have the next best record to the Tigers in the span of Dykes' stay in Detroit. The champs, who replaced record, six games off the Tigers' pace under the chubby cigar smoker. The White Sox and Orioles also are six games behind with 16-16 records.

Cleveland? The Indians are 14-19, 9½ games behind the Tigers' record.

## Pirates Relief Hurler Comes Through Again

By ED WILKS  
Associated Press Sports Writer

When you start talking about relief

aces in the National League, let's face it, Elroy Face is your man.

The stubby right-hander has been Pittsburgh's right-hand man in the Pirates' climb from obscurity. He hasn't been beaten in more than a year, figuring in 34 victories since he lost was a loser, on May 30 of last year.

In that time, Face has won 13 and saved 21, with a 1.51 earned run average, allowing just 17 runs in 100 2/3 innings.

After Memorial Day 1958, when he was beaten 7-4 by Milwaukee, Face won five, saved 17 last season as the Bucs ran off their startling surge from a tie for last in 1957 to second place.

So far this season, the 31-year-old former Dodger farm hand has won eight, saved four for a 1.07 ERA in 35 1/3 innings. He got that eighth victory Monday night by collaring the slugging San Francisco Giants in a 13-9 Pirate success decided by Harry Bright's three-run, two-out pinch homer in the 11th inning.

That ended the Bucs' skid at four games and pushed them into a three-way tie for third place with the Chicago Cubs and Los Angeles.

The Cubs were beaten in the only other arm scheduled losing 9-5 at Milwaukee as the first place Braves regained a three-game edge over the second place Giants.

In the only American League game, the Detroit Tigers whipped Boston 6-3 for fourth place, 2½ games from the top.

Face blanked the Giants on three hits in his three innings of relief, walked none and fanned one after the Pirates caught the Giants with a five-run eighth-inning capped by Dick Stuart's two-run homer.

Young lefty Mike McCormick (3-5) was the loser in relief for the Giants, giving up a single by Bill Mazeroski, a sacrifice and an intentional walk to Dick Groat.

before Bright, batted for Face.

The Pirates also got a solo home run from catcher Danny Kravitz, who came on after Smokey Burgess was struck on a glancing blow on the head on Giant shortstop Andre Rodgers' throw to first base in the first inning. Felipe Alou and Willie Kirkland homered for the Giants.

Willie Mays, who dropped 21 points to .321 over the weekend, was benched by Giant Manager Bill Rigney for a "little rest" that ended when Willie singled as a pinch-hitter in a three-run eighth. Mays was 2-for-2, but bruised his side while sliding and switched from his normal center field post to left field.

Lew Burdette was almost the whole show for the Braves, battling 4-for-4, driving in 4 runs and winning his ninth. He needed relief, however, when he finally gave in to the 80-degree temperature in a five-run eighth inning after blanking the Cubs on three hits for seven. Don McMahon saved it.

A seven-run fifth clinched it for the Braves with Burdette's second double scoring three runs. The loser was Seth Morehead (0-3), who was tagged for Ed Mathews' 20th homer, tops in the majors.

The Hope Star will not be responsible for errors in Want Ads unless errors are called to our attention after FIRST insertion of ad and then for ONLY the ONE incorrect insertion.

PHONE: PROSPECT 7-3431

Dear Automobile Owner:

Recently when a 40-year-old man was killed in an automobile accident in Texas, his widow sued the driver of the other car.

The subsequent JURY AWARD was a staggering \$115,000. If the driver of the other car was drastically under-insured — as most car-owners are today — it might take him an entire lifetime to earn and pay out the enormous sum which was not covered by insurance. Be sure your limits are adequate. Effective June 11, 1959, bodily injury limits acceptable under the Arkansas Financial Responsibility Law are \$10,000, each person; \$20,000 each accident.

THIS, TOO, IS TEXAS EASTERN

## Natural Gas — Always At Your Finger Tip Thanks To Modern Communications

When temperatures suddenly drop and more and more gas is needed to keep homes well heated, do you ever wonder where the extra amounts of natural gas come from?

The amount of gas available to Texas Eastern's customers most likely depends on a man a thousand or more miles away—the chief dispatcher at the Company's Gas Division headquarters in Shreveport, Louisiana. It's his job to keep the right amounts of gas moving through the more than 6,100 miles of Texas Eastern pipelines.

In order for the dispatcher to anticipate requests for more gas, he receives hourly reports of weather in our sales areas (we deliver gas to utilities at 114 points in 14 different states). When temperatures drop, the dispatcher calls for more gas to be taken into the system. When it rises and demand lessens, he reduces the amount of gas coming into the pipeline.

Now, just how is this giant chess game played? The dispatcher moves all of the chessmen. His moves are determined by many factors—among them are temperature, volume of gas called for, compression, gas needed from producing areas, delivery rates, points of delivery and the amount of gas needed at each point. The moves are made on the dispatcher's plotting chart at the Gas Division headquarters.

The dispatcher keeps a close watch over weather changes. If it looks like a cold spell is developing in any area he immediately goes into action. He informs our measurement men and compressor station personnel that more gas is going to be needed at an appointed time. Field men increase production from wells, processing plants step up their job of cleaning the gas and removing liquids, the gas goes to receiving points where it is measured, and at just the right time, it moves into Texas Eastern's system.

The dispatching office is never closed—someone is on duty to supervise movement of gas 24 hours a day—seven days a week.

Texas Eastern employs a wide range of communication equipment—leased telephone lines, VHF radio and microwave circuits. The dispatcher uses all of these to make sure gas is delivered as needed.

This is one of a series of monthly reports on the diversified activities of Texas Eastern Transmission Corporation.

### Legal Notice

**ORDINANCE NO. 768**  
AN ORDINANCE ESTABLISHING SEWER IMPROVEMENT DISTRICT NO. 3 IN THE CITY OF HOPE, HEMPSTEAD COUNTY, ARKANSAS  
WHEREAS, parties claiming to be the owners of two thirds in assessed value of the property located within the territory herein after described have filed a petition praying that an improvement district be established for the purpose hereinafter set out.  
WHEREAS, after due notice as required by law, the Board of Directors of the City of Hope, Arkansas, has heard all parties desiring to be heard, and has ascertained that said petition was signed by two-thirds in assessed value of the owners of real property within said territory.

NOW, THEREFORE, BE IT ORDAINED by the Board of Directors of the City of Hope, Arkansas: Section 1. There is hereby established an improvement district embracing the following property:

Commence at the manhole at the intersection of the 18 inch sewer outfall line and the south boundary of the Missouri-Pacific Railroad right-of-way south of the Hope Brick Works and run northeasterly along said south boundary line of said right-of-way 410 feet to the point of intersection of said right-of-way with O'Neal creek, the Point of Beginning, run thence south along the west boundary of O'Neal creek to a point where said boundary intersects the north boundary line of the Earl O'Neal property, run thence west, along said north boundary line of the O'Neal property to the northwest corner of said property, run thence south along the west boundary line of said property to a point on the north boundary line of the U. S. Highway No. 67 right-of-way, run thence east along said right-of-way line to a point on the west boundary line of said O'Neal property, run thence south along said boundary line of said creek to a point on the south boundary line of said U. S. Highway No. 67 right-of-way, run thence west along said right-of-way line to the northeast corner of the Dorsey McRae, Sr. property, run thence south along the east boundary of said McRae property to a point on the south boundary line of East 4th Street, run thence west along said south boundary line of East 4th Street 300 feet to a point, run thence south and parallel with South Bonner Street 470 feet to a point, run thence west and parallel with East 5th Street 300 feet to a point, run thence south and parallel with South Bonner Street to a point on the north boundary line of East 7th Street, run thence east and parallel with East 3rd Street to a point being the northeast corner of the southeast quarter of the Northwest Quarter of Section 34, Township 12S, Range 24W, run thence south along the north-south center line of said Section 34 to a point being the northeast corner of the Southeast Quarter of the Southwest Quarter of said Section, township, and range, run thence southeasterly and parallel with the Shover Road and continuing parallel with State Highway No. 4 to a point where said line intersects with an extension of the east line of the city limits of the City of Hope, Arkansas, run thence north along said extension of said city limits east line and continuing along the existing east city limits line to a point being the southwest corner of the Northwest Quarter of the Southwest Quarter of Section 20, Township 12S, Range 24W, run thence east to the southeast corner of said Northwest Quarter of the Southwest Quarter, run thence north along the east boundary line of said Northwest Quarter of the Southwest Quarter and continuing along an extension of said line to a point on the south boundary line of the Missouri-Pacific Railroad right-of-way, run thence south westerly along said south boundary line of said right-of-way back to the point of Beginning.

for the purpose of constructing sewer lines, lift stations and all other necessary works to afford an adequate sewer system to serve all present improvements within the area above described and to afford a potential sewer service to the entire area described.  
Said district shall be known as Sewer Improvement District No. 3, and R. A. Turner, Joe Hankins and W. A. Mudgett are hereby named commissioners, who shall compose the Board of Improvement for said District.  
Section 2. This Ordinance being necessary for the preservation of the public health, peace and safety of the residents of the City of Hope, Arkansas, an emergency is hereby declared to exist and this ordinance shall take effect and be in force from and after its passage.  
PASSED this 1st day of June, 1959.  
George Frazier, Mayor

(SEAL)  
Attest:  
Mrs. Chas. Beynerson  
City Clerk  
June 2, 9, 1959

Special ceremonies marked the occasion when Southwestern Bell's 300,000th Arkansas telephone was installed last week at the farm home of Mr. and Mrs. Edwin Pruitt, near Beebe. Shown here (left to right) are Chief Operator Mary Wilson, who presented a red carnation bouquet to Mrs. Pruitt; and Mr. Pruitt, (center), who was presented the telephone by Arkansas Public Service Commissioner John R. Thompson, and Bell Vice President and General Manager Warren E. Bray, far right.

## Growing With Arkansas

Southwestern Bell — Arkansas  
Installs 300,000th Telephone

Seven-year-old Jimmy Pruitt and his older brother Larry admire the handsome beige telephone held by telephone man Roy Neel Showalter. An engraved plaque on the base of the set identifies it as the "300,000th Bell Telephone in Arkansas."

Installation completed, telephone man Showalter holds set while Judy Pruitt dials a call to a friend. Next fall Judy will be a sophomore at the Beebe branch of Arkansas State College.

ARKANSAS's telephone history reached an important milestone last week with the installation of the 300,000th Bell telephone in the state.

The history-making telephone, an attractive beige table phone of the latest design, was installed in the home of Mr. and Mrs. Edwin Pruitt and their three children, Judy, 18; Larry, 14; and Jimmy, 7. The Pruitts operate a 960-acre farm in White County, five miles north of Beebe.

As a veteran of 20 years of farming, Mr. Pruitt has had his share of ups and downs. One of the most crushing blows fell just a few weeks ago when a tornado swooped down and destroyed eight buildings on the Pruitt farm, including the family's home.

With a determination undiminished by the disaster, the Pruitts set about a major rebuilding job. We are happy to have shared their task with them by providing telephone service, even before they actually moved in their new home.

Like the Pruitts, we face a major "building" job, part of our continuing task of keeping pace with the remarkable growth in the demand for telephone service in Arkansas. The installation of the 300,000th telephone dramatizes how fast this growth has been. These dates tell the story:

Telephone invented . . .	1876
First telephone installed in Arkansas . . .	1878
100,000th telephone . . .	1943
200,000th telephone . . .	1950
300,000th telephone . . .	1959
400,000th telephone . . .	1965

Telephones in Rural Areas Up Seven Times	
January 1, 1949 . . .	6,300
January 1, 1959 . . .	42,750

## Telephone Expansion Since 1948

Building Additions . . .	28
New Buildings . . .	142
Poles . . .	110,000
Wire (miles) . . .	760,000

## Investment Required Per New Telephone Added

1948 . . .	\$388
1958 . . .	\$610

These are some of the facts and figures that add up to an 11-year, \$118 million construction program. In the past five years alone, construction expenditures have totaled \$63 million, and, if telephone earnings are adequate so that the necessary new capital can be raised, we expect to spend \$75 million in the next five years.

In the post-World War II years, rural telephone growth has been increasing faster in Arkansas than city telephone growth. During the past five years we've spent several million dollars to improve and expand rural telephone service in the state. The quality of service to our rural customers has been greatly improved, and today farm folks like the Pruitts have dial service and can talk and hear as well on their phones as city dwellers.

The contribution to Arkansas's economy represented by telephone expansion and improvement programs is greater than providing adequate, up-to-date communications facilities. The millions of dollars spent locally on construction has, like the company's payroll and tax payments, helped the state's economy, provided many hundreds of jobs, and greatly benefited the progress of Arkansas.

As we pass the 300,000 mark, we look forward to doing our part in meeting the ever-growing telephone needs of Arkansas and to contributing to the state's future growth and prosperity.

Warren E. Bray  
Vice President and General Manager

Southwestern Bell — Arkansas
